Environment Policy Document

The aim of the environment policy document is to have a clear policy and guidelines to conserve the environment and natural resources.

- To undertake plantation drive in the institution to create a green landscape around the college building.
- To encourage the college staff and students to use public transport facility, carpooling, bicycles and e-rickshaws/e-vehicles.
- The institute shall discourage the usage of single use plastic items like plastic bags, plastics bottles, straws, plastic fork and spoons, etc.
- To reduce the wastage of paper by using a college management software and communicating circular and notices via Email or Whatsapp.
- To create pedestrian friendly roads and wheel chair ramps within the campus. This would encourage staff and students to walk within the campus and also make the institute accessible for the differently abled.
- To conserve the water through rain water harvesting, installing push type taps, directing water overflow from overhead tanks and waste water to gardens.
- To use renewable sources of energy for meeting the institutes energy requirements.
